

7. EXTRA CREDIT 7.

Choose any topic we've learned about, so far in this class, that you wish you knew better.

Before looking anything up, spend 30 minutes writing about the topic. You should tell me what the topic is, what you know about it, and what you'd like to know more about. Tell me also about how this topic relates to things you know about *prior* to this class.

Second, spend an hour learning about the topic, however you want. Through course notes, online resources, et cetera. Be intentional and make sure you are learning what you want to learn.

Finally, spend 30 minutes telling me what you have learned about the topic. Did you learn what you wanted to learn? What did you learn?
